DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/02/2008 has been entered.

Allowable Subject Matter

1. Claims 1-26 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The combined prior arts of record, Brown et al. (US 20030187975 A1) and Schroeder et al. (US 6341129 B1), disclose subject matter common in scope to the present application, e.g., sending and receiving an advertisement of path information about a path from a correspondent node to a destination node; performing a Path MTU of the path from the correspondent node; setting the Path MTU on the basis of the path information; and Path MTU announcing means for announcing the Path MTU set by the Path MTU setting means.

But, in agreement with the applicant's arguments and after amendment to the claims, said prior arts of record fail to disclose setting a Path MTU of the path after the path has been updated on the basis of the path information of the path after the path has been updated which was received by a advertisement receiver, when the Path MTU

discovery execution determining unit determines that the discovery of the Path MTU should be executed, as required by independent claims 1, 2, 3, and 19-24, which commonly disclose the above limitations.

The subsequent dependent claim 5-18, 25, and 26 are allowable on the basis that the limitations disclosed by said claims are within the scope of the present invention, thus overcoming the rejection supported by cited secondary references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
